

OM SRI SAI RAM

## **SCENE 4 – GRAMA SEVA**

### **Scene 4: Grama Seva**

Many are the miracles wrought by the Kali Yug Avatar for the benefit of mankind. Establishment of the Sri Sathya Sai Super Speciality Hospitals is one of the foremost among them. This benevolent act of Bhagawan is unique in breaking new paths and setting new trends in the field of healthcare in modern times when commerce has invaded the domain of compassion. Through these temples of healing, Swami has touched millions of hearts, infused new hope into the lives of thousands of people, who could not have ever dreamt of such care. It is said, *Vaidyo Narayano Harihi...* in this case, Narayana Himself has become the doctor.

**Sudheer:** The Lord Himself rescued Ramdas. Father, when intentions are noble and efforts earnest, no matter who we are, what we are, the power of the Almighty will create a path where there is none. Father, let us turn to Him! I am sure He will take care... He will...

**Purushottam:** Oh Sudheer, my child. (Caressing him on the head and looking upwards to the heavens) Oh Lord! I do not know what good fortune has made me deserve this child? ... And now you want to take him away from me? You promised us '*Adavilonunna Akashamuna Nunna, Pattanamuna Nunna , Pallenunna, Guttameeda Nunna, Natteta Nunnanu Deva Devudu Ninnu, Maruvudueppadu*'. He Vidhata! I beseech You to come to our rescue.

*[Strains of the song can be heard in the background]*

***Rama Anarada Mariokka Saari Rama Anarada...***(Recorded separately)

**Purushottam:** (overlapping with the song) Who are these people?

**Sudheer:** No idea father.

**Sai Kiran:** Sairam Sir.

**Purushottam:** Namaste Sir. What brings you all here?

**Sai Kiran:** Sir, we have come with the prasadam sent by Bhagawan Sri Sathya Sai Baba.

**Sudheer:** Oh! Sathya Sai Baba of Puttaparthi

**Sai Kiran:** Yes sir. It will be our privilege to serve the people of this village from today. How many members in this house?

**Purushottam:** Well, we are just the two of us.

**Sai Giridhar:** Swami has specially sent this for you. (Handing over the prasadam) Please accept this as a token of His blessing for you and your family.

**Sudheer:** Friends, who are you all?

**Sai Krishna:** We are Swami's students. We have been the direct beneficiaries of His love and grace. We have seen God; we have touched Him; we have spoken to Him.

**Sai Giridhar:** Even as we completed our education in His University, He told us, "Go, serve in the villages. Every village must have clean drinking water; every village must have its own school. Each and every resident must have access to proper medical care."

**Sai Krishna:** It is our humble attempt to follow the command of our Master. Bhagawan is going to provide pure drinking water to all the people in Anandagram.

**Sai Kiran:** Today, We have also brought some of the best doctors for a preliminary health check-up.

**Purushottam:** Health check up. Did you say health check-up?

**Sai Kiran:** Yes Kaka. Please come and get yourself examined.

**Purushottam:** Not me... for my son; my only son.

**Sai Krishna:** What is the problem, kaka?

**Purushottam:** My son suffers from a hole in his heart. Doctors have given him just two more years. They quote me a price which I just cannot afford.

**Sai Giridhar:** Kaka, do not despair. For whom else has Swami opened those magnificent temples of healing – the Sri Sathya Sai Super Speciality Hospitals? He will not only heal an ailing heart but also suffuse it with love and faith.

**Purushottam:** But the cost?

**Sai Giridhar:** Kaka, you do not have to pay a single naya paisa. The whole treatment is totally free of cost. Thousands have been beneficiaries of that divine love in action. Come kaka, let us take your son over there.

**Purushottam:** Oh Rama! There you came to the rescue of your great devotee Ramdas and today you are alleviating the suffering of a simple postman.
